Mohamed Hazem Elalfy

AI Engineer

Egypt | +20 102 896 5455 | mohhamedhazem494@gmail.com
Portfolio | GitHub | LinkedIn

EXPERIENCE

Elsewedy Electric | AI Engineering Intern, IT Department | Aug-Sep 2026
Helped build SWE IT Assist, a tool the IT team used for common support issues. Implemented ticket escalation for unresolved issues and contributed to meeting-room booking. Stack: Python, PHP, JavaScript, Gemini API.

Freelance AI & Automation | Remote | Present
Built multiple chatbots, including one delivered as an independent project. Build n8n workflows that connect LLM APIs with messaging and data tools.

CodeAlpha | Machine Learning Intern, Remote | Jul 2026
Completed credit scoring, heart disease prediction, and handwritten digit recognition projects. Achieved 0.846 ROC-AUC with logistic regression on a 200-sample holdout of simulated credit applications.

SELECTED PROJECTS

Signa | Graduation Project (A+) | MediaPipe, TensorFlow, Flask
Led development of the AI component in a seven-person team. Trained two gesture classifiers and integrated recognition, subtitles, and text-to-speech into the Flask web app. GitHub

Safe Eye | Real-Time Video Monitoring | PyTorch, YOLOv8, MViT, BiLSTM
Led model selection and integration in a seven-person team. Combined fire, violence, and suspicious behavior detection in a single live-video pipeline. Case study

Real Estate Lead Assistant | n8n, Telegram, OpenRouter, Google Sheets
Built a Telegram AI agent with chat memory and lead capture in Google Sheets. GitHub workflow

Telegram Order Assistant | n8n, OpenRouter, JavaScript, Google Sheets
Parsed order messages into structured data with an LLM and routed them to update records in n8n Data Tables or append them to Google Sheets. GitHub workflow

TECHNICAL SKILLS

Automation & AI: n8n, REST APIs, webhooks, JSON, Telegram, Google Sheets, RAG, Gemini, Groq, OpenRouter
Programming & ML: Python, JavaScript, SQL, Git/GitHub, Pandas, NumPy, scikit-learn, PyTorch, TensorFlow, OpenCV, YOLOv8

EDUCATION

B.Eng. in Artificial Intelligence Engineering, Mansoura University | Jun 2026
GPA: 3.15/4.0 | Completed the five-year program in four years | Graduation project: Signa (A+)

TRAINING & LANGUAGES

AMIT Learning: ML & AI Training (265+ hours) | Mansoura University: AI & Computer Vision
Arabic: Native | English: Upper-intermediate
