Safe Eye

An AI-powered real-time monitoring system using IP cameras to detect **fire, violence**, and **abnormal events**. The platform provides instant alerts and live tracking through an integrated web interface, ensuring faster response and enhanced safety.

Prepared by:
Ibrahim Adel Mohamed, Anas Elsaeed Mohamed, Moaz Tamer Abdlkader, Omar Abdelhamed Aawadeen, Ammar Ashraf Moaad, Ahmed Hazem El-Talkhawy, Mohamed Hazem Elalfy

Supervised by:
Dr / Noha Sakr Eng / Rana Elbalkka

Academic year: 2025/2026
